

Thankyou for purchasing your quality MYMAG carrier. Every carrier is handmade and adjusted to fit your product to the best of our ability. However sometimes you may want a tighter or looser fit to suit your preferences.

Adjusting the fit of your MYMAG carrier has never been easier.

1. Simply find the adjustment retention screw pictured above *
2. To tighten your fit use a standard 3mm Allen Key and turn the screw to the right.
3. To loosen the fit, simply use the Allen Key to turn the screw to the left
